E-zine 3 February 2025

The New England Regional Genealogical Consortium, Inc. (NERGC) invites you to join us at our eighteenth conference *live and in-person only* at the DoubleTree hotel in Manchester, New Hampshire, October 29-November 1, 2025. The Conference Committee is planning special tracks and other events on Wednesday, regular conference presentations on Thursday through Saturday, as well as the Exhibit Hall, Ancestors Research Consultants, Society Fair, and other events.

Registration for NERGC 2025 hasn't begun yet. The program and conference brochure are scheduled to be ready for distribution in early April (please give us the time to provide you with many details about the conference!) However, you can start making plans now. Continue to follow our E-zines and website, www.NERGC.org to keep up to date on the planning and the excitement of this conference.

WEDNESDAY EVENTS

- **Tour One – Manchester:** will include stops at: The American-Canadian Genealogical Society, The Millyard Museum (about the history of manufacturing in the Manchester region), Dutch-treat lunch at the Millyard Museum Cafeteria, then the Manchester Historic Association Research Center and, if time, also the Manchester City Library.

Choice of five workshops from 4:30-6:30 p.m., one of which is *Cracking Tough Cases with the Genealogical Proof Standard* from the Board of Certified Genealogists Education Fund.

GETTING TO THE CONFERENCE

All roads lead to Manchester in late October! Interstate 93 connects with Eastern Connecticut and Massachusetts; Interstate 95 is the beginning route from Maine. The end Interstate 89 from Vermont joins Interstate 93 going south, and Interstate 91 from western Massachusetts and Connecticut is the gateway to routes east to Manchester. There is bus service from the Boston area and an award winning airport brings the world to our door! More travel details in early October ezine.

FROM THE HOSPITALITY COMMITTEE

There are four great museums to explore while you're in Manchester.

* **The Currier Museum of Art** is a small museum that has a wonderful collection of art from around the world. They also are the stewards of two Frank Lloyd Wright homes available to tour, both on the same street. The homes are ticketed through the museum at specific times, through their website. A Wright homes tour ticket also allows entry to the art galleries. www.currier.org.

* **The Millyard Museum**, operated by the Manchester Historic Association, traces the history of the city from Native American habitation to end of the 20th century. Special emphasis is made on the Amoskeg Mills, once the largest producer of cotton fabric in the world. Appropriately housed in a former mill building, the museum is within walking distance of the hotel. www.manchesterhistoric.org.

* **SEE Science Center** is a hands-on activity center, which might appeal to your inner child. You can explore many scientific exhibits but be sure to check out the LEGGO recreation of the Amoskeg Mill Complex in its heyday. The museum is within walking distance of the hotel and is near the Millyard Museum. www.see-sciencecenter.org.

* **The Aviation Museum** is housed in the original 1930s terminal for Grenier Field, across from Manchester Boston Regional Airport. Its exhibits trace the history of aviation in New Hampshire from its inception to post-World War II. You can try a simulator, learn about some daring women aviatrix, and lots more. www.aviationmuseumofnh.org.

CALLING ALL BLOGGERS

We greatly appreciate any Bloggers who will write about the upcoming conference! We're even happier if you'd agree to interview a speaker about their background and involvement in NERGC or about their specific topic. The program will be revealed in early April, but it's never too early to let us know that you'd like to help with conference publicity on your blog. Please express your interest to us at 2025-trichairs@nergc.org.

DON'T BE LEFT OUT OF THE EXHIBIT HALL

Booth applications have been arriving.

Now is the time to complete your application and secure your booths in the Exhibit Hall.

As in the past, our conferences are planned to be exhibitor friendly. The generous unopposed exhibitor time, and close proximity to the sessions, is one of the reasons many vendors experience more success at a NERGC conference. We feature special benefits such as:

- **A one-day conference registration** with each booth purchased. (Note that meals are not included. Watch our web page and E-zine for information on meals and banquet options.)
- **The Exhibit Hall is open for two full days** (Friday and Saturday) with additional exhibitor hours on Thursday.
- **Unopposed Exhibitor times:** Generous time slots with no lectures or other events to conflict with your exhibition time.
- **Breaks between lectures:** Allows our attendees casual time between lectures, allowing more time with exhibitors.
- **Two-hour lunch breaks** allowing still more time for product discussion and sales.
- **Exhibit Hall open to the general public:** Free access to the general public to be advertised for increased sales.
- **Optional:** Consider showcasing your booth by providing door prize drawings at your discretion. NERGC provides tickets to conference attendees in the conference registration packet.

If you have exhibited at a past conference, we have your contact information. (If any of your contact information has changed, please let us know. We want to be sure you receive all of the information needed.) If you have not exhibited with NERGC at any of our previous conferences, and are interested, please be sure to send your organization's name and contact information so we can be sure to send you the details.

As with past conferences, there will be a limited number of booths, it will be important to reserve your space early. Booth requests will be filled on a first-come basis. The Exhibitor Application, Exhibitor's Agreement, the Terms and Conditions and the Exhibit Hall floor plan are available on our website at www.nergc.org,

Please send us your application, to confirm availability, before making a payment through the website.

Feel free to contact us with any questions or concerns at exhibithall@nergc.org.

We look forward to seeing you in Manchester, New Hampshire.

LIBRARIES, ARCHIVES, AND MUSEUMS SHOWCASE

INTERESTED IN ATTENDING NERGC 2025 BUT WONDERING IF YOUR SPECIFIC NEEDS CAN BE MET?

Now is the time. Even before our brochure is ready with a downloadable pdf manual registration form and our online, convenient registration process opens, NERGC's ADA and Access Team is ready to share details you may need to accurately evaluate ways to allow you comfort and full participation in all sessions, workshops, exhibits, tours, meals with speakers, and social networking opportunities. These include mobility through parking, onsite space, and indoor space transitions; options available to meet your special dietary needs; and focus, hearing, visual and cognitive communication needs. This year we are also putting into place a peanut allergy and sensitivity to fragrances alert policy to ask the assistance and kindness of all attendees to be alert to your needs.

Direct an inquiry to accessibility-2025@nergc.org, our monitored "group" dedicated to your questions or email drpampt@gmail.com to request a personal consultation to discuss your needs. Request the questions by email to set up an accessible audio call or to request a video call or printable reference or picture in our access files for your use.

Pam Roberts, an ADA and Community Inclusion volunteer, will help you or will assign another access volunteer to respond to your requests. Several accommodations will require planning ahead for the physical set up of rooms, access to hearing assistance as possible, seating during sessions or at meals, and our team will work with other teams to assure an accessible spot to sit for registration check-in and a location where you will find a volunteer as well as a phone number onsite for you to notify us of a need for help or delivery of a personally reserved scooter at your cost.

With the anticipation that there may be a LONGER than usual need to keep Early Bird Registration open closer to the opening day, we are setting a deadline of July 1 as the time when we can guarantee meeting your needs based on the scooter vendor and our need to work ahead of time with AV set up. Unfortunately, while we want to be the "accessible to ALL" conference model for genealogy, keeping up the reputation we have achieved, we can not guarantee access to an accessible hotel block room or to special AV needs UNLESS we know by July 1. Please use the Early Bird registration and work with us before July 1 to give you the best possible chance for us to meet your needs.

Registration will include a spot to share your needs securely, and our team will monitor that and be in touch within a week or so of your registration confirmation to work on your personal plan for access and possibility to fully participate. And if you find yourself in need of an accommodation sometime during the conference, we can assist in a caring and respectful way.

A CALL FOR VOLUNTEERS

NERGC's events are built on volunteer hours, and we will need plenty of volunteers for this conference. Whether you're attending the conference or live in the area, we can always use help! Volunteers will be recruited to host and monitor on-site sessions; to work at the registration area; to provide rides to/from the Manchester airport; to help exhibitors move in/out; to help with miscellaneous administrative tasks, to provide mobility, hearing, visual and cognitive communication assistance; and who knows what else! Give an hour and you'll get much more in return. Benefits of volunteering include getting to know people you work with, meeting the speakers, helping your Participating Society, and, of course, providing a wonderful experience for all conference attendees.
